# INDUSTRY & ACADEMY

## VERTICAL (FOCUS INDUSTRY)

### SECURITY

Provide autonomous security of national or private assets with autonomous security patrol. Reports live feed update in real time.

### INSPECTION

Drone solutions deliver detailed and accurate data on all parts of the grid, automating inspection, enabling timely repairs, and reducing downtime.

### AGRICULTURE

With agricultural drones, you can quickly and reliably detect plant damage, pest infestation, & nutrient deficiency, even across very large areas.

### CONSTRUCTION

Drone solutions create accurate 2D and 3D models that integrate seamlessly with local geographic information systems, helping teams visualize results.

### OIL & GAS

Rapidly and remotely inspect, map, and monitor facilities such as flare stacks and cooling towers from the ground without stopping operations.

## TRAINING & CERTIFICATION

In partnership with ProFly center, we offer several courses for both beginners and advanced pilots, & also professional workshop to get a deeper insight of drone piloting and regulations. The training in software dedicated to your profession is led by experts. A declaration of competence is issued to you by Solelectric Academy at the end of the drone training

CENTER

## DRONES

### MATRICE 300 RTK

#### BUILT TOUGH. WORKS SMART.

The Matrice 300 RTK is DJI's latest commercial drone platform that takes inspiration from modern aviation systems. Offering up to 55 minutes of flight time, advanced AI capabilities, 6 Directional Sensing & Positioning and more, the M300 RTK sets a whole new standard by combining intelligence with high-performance and unrivaled reliability.

### MAVIC 2 ENTERPRISE ADVANCED

NEW

#### DUAL IMAGING, REIMAGINED.

Capture accurate details in any mission with the M2EA – a highly versatile yet compact tool that packs a whole lot of performance upgrades. With high-resolution thermal and visual cameras, the M2EA supports up to 32x digital zoom and is capable of centimeter-level positioning accuracy with the RTK module.

## PAYLOAD

#### ZENMUSE H20T

Multi-sensor payloads that bring a whole new meaning to mission efficiency.

#### ZENMUSE P1

The new benchmark for Aerial Surveying

#### ZENMUSE L1

Lidar + RGB Solution for Aerial Surveying

## NEW EXCLUSIVE PRODUCTS

#### CHARGING STATION

A landing platform for a drone to charge and back to flight missions without lifting a finger.

#### DELIVERY BOX

A mobile transport device carrying up to 2 kg loads & catering the needs especially of healthcare industry.

#### GAS SENSOR

Detection of toxic particles & flammable explosive gas temperature with advanced laser scattering technology.
